

Wheat Aleph

In Wheat Aleph, we have been reading The Gingerbread Man. We have written a description of The Gingerbread Man and made WANTED posters for the fox and gingerbread man. In Jewish Learning, we have talked about kosher and non kosher foods and how they are to be stored and prepared. In Maths, we have learned about GROUPING numbers. We put objects in a group and counted with repeat addition and multiplication. The best part of the week will be our DANCE PARTY! Very exciting! I have included some pictures from Wheat Aleph's first time to help with Shabbat last Friday. We hope all the families in Wheat Aleph will have a lovely, safe and sunny half term!

**Wheat Bet**

This week Reception have been learning all about The Gingerbread Man! We have been thinking about adjectives to describe The Gingerbread Man and writing our own sentences! We have also been creating our very own Gingerbread Men and Gingerbread Women, using lots of arts and craft materials. In Maths we have been thinking about grouping, practising making sure there are the correct amount in each group, counting how many there are altogether and representing our working using a number sentence and the multiplication symbol. We really enjoyed our Danceathon and Miss Shevlin was super impressed with the children's moves!

**Grape Aleph and Grape Bet**

This week Year 2 have been extremely busy as it is assessment week. We have managed to find time to have some fun in between! We have had lots of fun with the Tudor Banquet, making crowns and decorating goblets and taking part in the Danceathon!

Year 1

Barley Aleph

In Barley Aleph this week we have been enjoying a little more sunshine and the degrees is rising! I am so proud of every single member of my class for their hard work these last 6 weeks. This week we have done our big write and painted our story stones. Miss Garbrah popped in for a little bit of their writing time and was totally blown away by the quality of work that Barley Aleph are producing. We made an incredible map of Israel and its surrounding countries in Topic using our recycling and bottle caps that we have been collecting. It is proudly on display outside the classroom. We have been saying our goodbye to our amazing Miss Jai and making her feel loved all week. We will miss her so much and we wish her all the luck on her new adventures. Happy half term all!

**Barley Bet**

We have now come to the end of our topic of recycling. It has been so wonderful to hear all that Barley Bet have learnt and that they are encouraging each other to recycle more! One child said 'if each child recycles one thing a day, the world will be a nicer place for the animals and humans' - we all couldn't agree more. Our next topic will be all about animals and we might even have a new class pet on it's way! In English this week, the class have been creating their own stories using Story Stones - the level of imagination has been off the chart. In Maths, we have continued with our learning of place value to 100 and consolidating our counting in 2's and 5's. Well done Barley Bet, you have all been amazing and deserve a well-earned half term break!

Fig Aleph

Fig Aleph Class have been working extremely hard this week. In Maths we have been recapping the formal method of addition and subtraction moving on to solving word problems. In English, we have been creating our own versions of Michael Rosen's poem 'After Dark'. In Topic we have been investigating the cause and effect of tornados. Everyone enjoyed dressing up in Green for the Danceathon on Friday.

CAUSE & EFFECT

Olive Aleph

This week we have been recovering from assessment week last week! Maths has been focused on division and looking at three different methods to calculate. In English, we have been writing fantasy stories using all the imagination and hyperbole we could muster!! PE this week has been the culmination of our athletics unit, with a mini Olympics! In Music, we have been looking at the song "Make You Feel My Love" and contrasting the original Bob Dylan version with the more well known Adele cover as well as learning to sing it for ourselves! We have also been lucky enough to take part in an online workshop about the work of Benjamin Franklin hosted by The Royal Institution. After a busy half term, we are definitely ready for a little break!

Year 4

Pomegranate Aleph

This week in Pomegranate Aleph we had a chance to get hands on and all the students had loads of fun for the last week of school before half term break. During English we wrote instructions on how to make a butter and jam sandwich and got to see if our instructions worked by making the sandwich. We also began to create our underwater worlds using takeout boxes. During Maths we worked on rounding to the nearest 10 and 100. We had time to explore coding on the computers and for Jewish Learning we made Kippot.

Pomegranate Bet

For our final week of the term, we have been working on writing instructions in English - we started off by writing instructions to assemble a butter and jam sandwich and moved on to create a set of instructions for an underwater sea world, inspired by Flotsam. For our crafts we used takeout containers, decorated with tissue paper, cardstock, glitter and different fabrics.

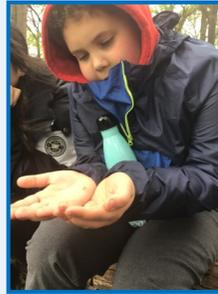

In Maths, we have been reviewing rounding to the nearest 10 and the nearest 100. We have also challenged ourselves by rounding to the nearest 1000.

For Topic, we have looked at the functions of bones in our skeleton and the different types of joints. In Computing, we have been working on coding games using loops and events as well as focusing on debugging our codes as we program.

Date Aleph

We have had an amazing week in Year 6. In Maths, we have continued our learning around statistics and mastered pie charts and finding the average. In English, we have been writing myths, using a range of ambitious vocabulary and exciting figurative language. We cannot wait to share them around our class 'camp fire'. In Geography, we carried out fieldwork in Richmond Park and compared our local area to Death Valley. We are also looking forward to our Art Workshop this week which will involve working with real-life artists and creating amazing pieces which will be displayed in Wandsworth.

Key Stage One

This Art Star is for Elijah in Grape Aleph for making an impressive dragon eye out of clay. He has presented fantastic modelling skills and created lovely details such as balls, scales and spikes. Elijah has worked really hard on his project when applying texture and colour. Well done!

Key Stage Two

This Art Star is for Baileigh in Pomegranate Aleph for a beautiful design of a sugar skull. She has put a lot of effort into her sewing project making sure her stitches are neat and even. The features on the face she has created are distinctive and eye-catching. Well done!

SECURE YOUR STALL FOR THE BIG SUMMER EVENT ON THE

11TH JULY 2021

EMAIL FRIENDSOFMJPS@MJPS.ORG.UK

Dear Parents and Carers,

Great Mosaic Bake Off
 Congratulations to the finalists of today's Bake Off -

1. Yve Year 3
2. Eve Reception
3. Callum Year 2 and Angus Reception

We were very impressed by all the entries!

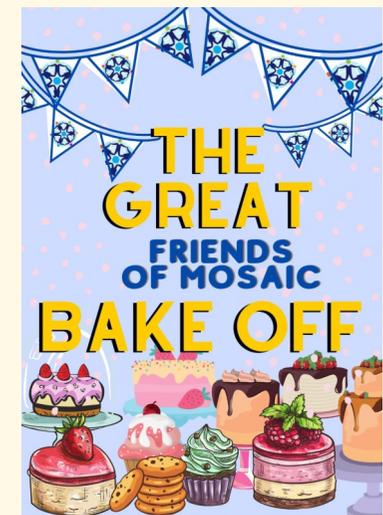

Are you ready for Week 2's challenge on June 11th?

It's signature bakes week!

* Simply enter online @ www.friendsofmosaic.co.uk *
 * Make your award-winning creation * Bring it into school Friday morning to be judged by the children *
 The top 3 in each category will be invited to bring their creations to the summer fair on the 11th of July, where the final tasting and judging will take place, with a grand winner per category announced.

All entries must be nut-free and vegetarian; please clearly mark your entry.

On your marks ...
